WHY TURKMEN CONSTRUCTION

- Turkmenistan is one of the fastest growing economies in the world.
- **Turkmenistan is one of the world's largest energy exporting countries.**
- Turkmenistan is an important market for the whole world with its billion-dollar construction and infrastructure projects.
- **Turkmenistan has become the logistics base of Central Asia with the port built in the Caspian.**
- The Ashgabat City smart city project, which is planned to invest 14 billion dollars, will contribute to the construction industry.
- **Turkmenistan is a country that offers opportunities in many sectors such as oil and gas, construction, telecommunications, tourism, health and food.**
